About Satyam Overseas

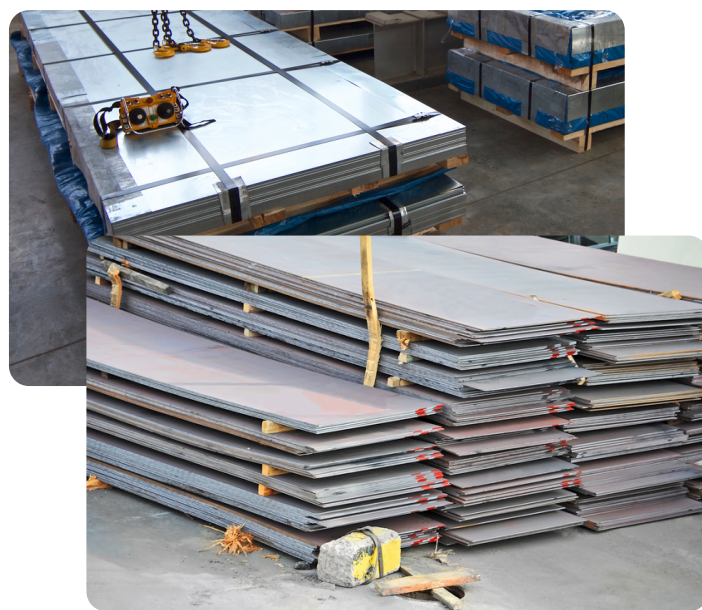

Established in 2007, Satyam Overseas has swiftly risen as a prominent player in the Nickel and Nickel Alloy Based Products industry. We cater to diverse sectors including Oil and Gas, Pharma, Marine, and Power Plants, supplying vital materials for their operations. With three generations deeply rooted in the field of Nickel Alloys, our legacy speaks to our enduring expertise and dedication.

Grades and Forms

Our product offerings center around meticulously chosen top-grade materials tailored to our clients' specific needs. We provide an extensive range of materials, from Alloy C22 and C276, Alloy 800, 800H, 800HT, 825, 600, 601, 625, 400, 718, 200, 201, A286, 20, to Titanium Grade 2, 5, and 7, alongside Duplex and Super Duplex alloys. These materials are available in various forms including Sheets, Plates, Rods, Round Bars, Pipes, and Shims, ensuring we can meet a wide array of customer requirements.

Quality Assurance

Satyam Overseas is dedicated to maintaining the highest quality and compliance standards. Our products adhere to the latest ASTM, ASME, DIN, and NACE standards. Quality and reliability are paramount, and we provide customers with Mill Test Certificates, full traceability, and thorough marking for all materials. This steadfast commitment to quality positions Satyam Overseas as the trusted partner in the industry.
